

UNISTEL FORMS

All bulls that will be used in your stud must have a **DNA** profile and sire verification on record.

All animals (male and female) born from 1 January 2020 must have a **DNA** profile and sire verification on record before their inspections can be recorded.

Appendix A cows are exempt from this.

It is very important that all samples are accompanied with the necessary request forms and information documents.

The 1st form (Cattle Request Form) is for the detail of the breeder and the number of samples send.

The 2nd form (Details and Parentage Nomination Form)

Sheet 1 – “Cattle” - is the full details of the animals and the relationship if maternity or paternity or parentage is needed.

Sheet 2 – “Cattle 2” - continue from sheet 1

Sheet 3 – “Sire & Dam” – only complete if more than one sire / dam needs to be tested for a specific animal.

Sheet 4 – “Sire & Dam 2” – continue from sheet 3

The 3rd form “Free sending options” - You can make use of Dawn Wing Couriers – Unistel will bear the cost if the parcel is delivered to a Dawn Wing Branch

Physical address: Unistel, For Attention: Hester Theron, Blok 1, De Tijger Park, Hannes Louw Drive, Parow North, Cape Town, 7500
